- ☐ B. When costs in the area have escalated for a brief period of time either during special events or disasters.
- ☐ C. When lodging accommodations in the area of the temporary duty station are not available at or below the maximum lodging amount, and the savings achieved from occupying less expensive lodging at a more distant site are consumed by an increase in transportation and other costs.
- ☐ D. 1. Does WSDOT have the ability to determine who will travel with the donated money?

☐ Yes, skip to question 3.

☐ No, continue to question 2.

2. Is the travel related to a TRB, NCHRP, AASHTO or other committee meeting that is part of the employee's job duties or that WSDOT management has committed the employee to participate in?

☐ Yes, continue to question 3

☐ No, the donation to the agency is considered an indirect gift to the employee. The travel costs are not eligible for reimbursement from that entity.

Gift definition: No state officer or state employee may receive, accept, take, seek, or solicit, directly or indirectly, anything of economic value as a gift, gratuity, or favor from a person if it could be reasonably expected that the gift, gratuity, or favor would influence the vote, action, or judgement of the officer or employee, or be considered as part of a reward for action or inaction.

3. Is the sponsoring entity regulated by the agency or do they seek to provide goods or services to the agency?

☐ Yes

☐ No

4. Does the employee participate in those regulatory or contractual matters with that sponsoring entity?

☐ Yes

☐ No

If the answer is Yes to both questions 3 and 4, then the employee is in a Section 6 relationship with the sponsoring entity and travel costs are not eligible for reimbursement for that entity.

Section 6 Relationship definition: State agencies aren't regulated by the gift statute, so if the gift was truly given to the agency, the ethics law does not apply. However, if the gift was given to an individual, that person may or may not be able to keep it depending on the relationship to the giver.

If the answer is No to either question 3 or 4, the employee is not in a Section 6 relationship. Continue to question 5.

5. Did the employee actively solicit the gift or funds from the sponsoring entity?

EXAMPLE: The employee reached out to a potential sponsor and requests them to pay for a trip.

☐ Yes, (explain how) _____

If the solicitation is for funds that the donor has made available as part of an offer to a broad group of solicitors and not solely for the employee, then the travel costs may be eligible for reimbursement from that entity. The State Ethics Law contains a strong presumption against solicitation by any state employee. You may not use your official position to solicit goods and services from private businesses and organizations. Caution is advised, contact Internal Audit with the specifics of your situation for guidance.

EXAMPLE: A potential sponsor contacts an employee to ask if they can pay for a trip.

☐ No

6. Does the employee have significant influence on the decisions regarding the sponsoring entity?

☐ Yes, the travel costs are not eligible for reimbursement from that entity

☐ No

7. Is there a pending WSDOT action against or regarding the sponsoring entity?

☐ Yes, the travel costs are not eligible for reimbursement from that entity.

☐ No

8. Was the gift (travel reimbursement) related to, or have the appearance of intent to influence the impending action involving the sponsoring entity?

☐ Yes, the travel costs are not eligible for reimbursement from that entity.

☐ No

9. Will the employee receive any personal financial benefit from the sponsoring entity?

EXAMPLE: The sponsor reimburses the employee for more than the cost of the trip.

☐ Yes

The travel costs may not be eligible for reimbursement from that entity. "No state officer or state employee may use his or her position to secure special privileges or exemptions for himself or herself, or his or her spouse, child, parents, or other persons". The gift, although given to the agency, could be seen as a special privilege awarded to an individual or group of individuals. Caution is advised, contact Internal Audit with the specifics of your situation for guidance.

EXAMPLE: The sponsor has agree to reimburse for exactly or less than the amount WSDOT has paid.

☐ No

Approval Requirements

A. Does sponsored trip have written pre-approval for in-state or out-of-state travel?

☐ Yes ☐ No

Sponsored trips follow the same approval process as non-sponsored trips. Out of state travel must be approved via the Out Of State Travel process even if there is no cost to WSDOT.

B. Is supporting documentation from the sponsoring entity attached to the request showing evidence that the trip is partially or fully sponsored?

☐ Yes ☐ No

Reimbursement Process

A. Does the sponsoring entity offer the use of their travel agency and/or provides information to the employee for paid airfare, hotel, or other travel arrangements?

☐ Yes ☐ No

Employees are required to use the sponsoring entity's travel agency, charge codes, or pre-arrangements for travel when available.

B. Does the sponsoring entity require a travel reimbursement request for all or a portion of the travel costs or does the traveler expect reimbursement from WSDOT for any allowable travel costs not reimbursed by the sponsoring entity?

☐ Yes ☐ No

If the sponsoring entity requires the employee to submit a travel expense request for reimbursement or the employee is seeking reimbursement for additional allowable costs that are not being reimbursed by the sponsoring entity, then reimbursement will be processed in accordance with the WSDOT Travel Manual M 3132.

Sponsored Trip Instructions (Do not print)

A Sponsored Trip is an In-State or Out-of-State Trip that a WSDOT employee receives approval to go on which a 3rd party agrees to pay for all or part of the employee's travel expenses.

A Sponsored Trip follows the same approval process as a non-sponsored trip, even if there is no cost to WSDOT.

Sponsored Trip Steps:

Employee:

1. Complete the Sponsored Trip Checklist and attach to trip request confirming that there is no Section 6 relationship or unallowable indirect gift in accordance with the State Ethics Law.
2. Obtain documentation from the sponsoring organization in the form of email or letter and attach to trip request showing evidence that the trip is fully or partially sponsored.
3. Employee is required to use the sponsoring organization's account(s) when provided for airfare, hotel, or other travel arrangements. If the employee is expected to submit a reimbursement request to the sponsoring entity then proceed to step 4.

Travel Coordinator:

4. Makes transportation arrangements using the WSDOT CTA for airfare and/or lodging. Other costs including meals will be reimbursed to the employee by WSDOT at the allowable rates on the Travel Expense Voucher (TEV) Form 133-103.

Employee:

5. Submit a reimbursement request to the sponsoring organization within 7 business days of their return to work. All expenses for the reimbursement shall be contained in the request.
6. Request that reimbursement checks be made payable to WSDOT and reimbursed within 30 days of submission.
7. Submit a TEV Form 133-103 to the accounting office for reimbursement (with attached signed copy of the reimbursement request submitted to the sponsoring organization, along with all other required supporting documentation)
8. Endorse to WSDOT any reimbursement checks made payable to the employee and submit to the Accounting office within 1 business day of receiving payment. A copy of the remittance advice must be provided with payment from the employee in cases where the sponsoring organization reimburses the employee electronically.
9. Reimburse WSDOT when reimbursements received from the sponsoring organization are less than expected or seek approval from the approving authority for WSDOT to cover the additional allowable costs. When the employee fails to obtain approval for WSDOT to cover the additional allowable costs, the full-unreimbursed amount shall become immediately due.

Accounting:

10. Establish a receivable in the employee's name for the amount of the reimbursement request.
11. Apply payments to the receivable and issue a refund to the sponsoring organization for reimbursements in excess of allowable costs.

This worksheet is to be used to select the travel alternative that is most economical or to identify the most advantageous travel alternative to the state. It can also be used to calculate personal travel.
For this purpose, the term "economical" refers to the direct financial, work-related costs that occur at the least cost to the state for which the state is responsible to pay. The term "advantageous" refers to non-financial work related benefits occurring to the state. If the most economical travel alternative is not taken, then the traveler must provide a written justification that identifies why the travel alternative chosen is the most advantageous to the state.

Check one:

- ☐ To compare between official state contract travel and non-state contract
- ☐ To compare costs between official state travel and when the traveler has personal travel included. If the cost is more, the employee would be responsible for the difference
